

MANITOBA OUTPOST FISHING

4 Day - \$800

Per Person

May - September

Located about 50 air miles from Matheson Island, the camp is on a point of land at the mouth of Flour Channel, one of the arms of the Berens River that leads to Flour Falls. The lake is 3 miles long by 2 miles wide and has a rapid entering the lake and 2 sets of waterfalls leaving the lake and the continuing river system. The camp has 3 - 14 foot Alumarine boats with 2 swivel seats in each unit. They are powered with new 9.9 HP Yamaha 4 stroke outboard motors.

The accomodation is a hand hewn log cabin. It is rustic but comfortable, offering solar powered lights and pressure system. The cabin has hot and cold running water and showers to make your stay a little more comfortable.

Walleye and northern pike are the major species here but the angler will encounter sauger, perch, goldeye and crappie as well. The avid angler will experience lazy bays and hidden weedy ambush spots where you can toss top water baits and flowing, bubbling fast water areas just right for a jig and minnow! Can you smell the walleye bubbling in the frying pan? Guides are not necessary but can be arranged.
