Tarpon  
on a fly !**

## Join in the **Fly Casting Clinic** November 6-13, 2010 with National Casting Champion, Allan Johnson

"The ability to cast with confidence makes everything else about fly fishing much easier to learn. This is especially true in flats fishing where the ability to get the fly in front of the fish quickly is the key to success.

The clinic will feature comprehensive casting instruction by former national casting champion assisted by our team of outstanding guides. Individual coaching by our staff and lots of cooperative fish will enable each student to become both competent and confident on the flats and most of all have fun".

Seminar is limited to 10 anglers, so each student will get personal attention. Both beginners and experienced casters will benefit from Allan's instruction. The cost for the seminar is US 3,085 per angler in double occupation. (Includes 7 nights lodging, 6 days of fishing, all meals and drinks, transportation and seminar fees. Not included: airfare, fishing tackle, gratuities.)

### **Still looking to get a few days of fishing?**

... then look no further! This lodge still has availability throughout the summer. The Lodge offers comfortable accommodation, fine food and drinks and relaxation in a peaceful oceanfront setting. Whether you seek adventure, relaxation or a little of both... paradise awaits you in Ascension Bay. An unforgettable fishing experience!  
June 15 - October 31 20% off all packages!!  
6 nights / 5 days = US 2,116/angler/dbl

### **Missing Paradise**

*Dave and I are home and already looking forward to next year! Dave got a Grand Slam on our 2nd day there! Pancho is always the best guide and Fabi was an excellent assistant. Everyone was wonderful about helping us out, toothpaste, clothing, rods, etc. The staff is always the best. Charlie & Dave (Illinois)*

### **Largest Number of Fish!**

*Just wanted to pass on to you and Rogelio what a great time Harold and I had during our stay. Even with the weather and water temp being a bit off, Pancho was fantastic in insuring us we got plenty of shots at fish and it payed off with the largest number of bonefish and mixed (jacks and yellowtail) fish I have ever encountered on a saltwater trip. To top it off, we took 4 permit in one day. It was just plain fun.*

*The Grand Slam room was very comfortable and the screened porch was just great for hanging out and watching the reef. As always, the rooms were cleaned to perfection. Jorge was a great host and insured everythign with the lodge went like clockwork. Augustine was always attentive to our needs and you always had that great relaxed feel and Arturo's meals were always something to look forward to! Kevin (Colorado)*
